

Bromsgrove, Worcestershire

Kia Motors Showroom

A new car showroom to accommodate an emerging, successful marque alongside an existing car dealership. Envisaged as a 17 week build programme this project was delivered in just 13 weeks allowing the Regal Group to launch it's involvement with the Kia brand in time for new September registrations.

// Talus worked to a tight deadline in a responsible, professional way. We were very grateful for their attentive management and can-do approach.

Tim Mayneord

Managing Director, Regal Group
